Peg dolls: male, female, child, baby	Clear polyurethane varnish for peg dolls

Instructions for storyboard props:

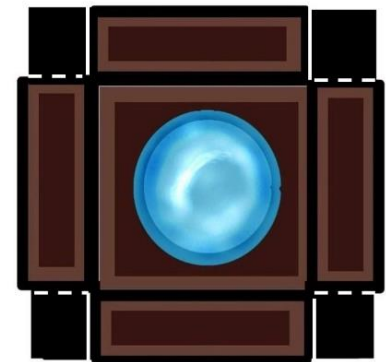

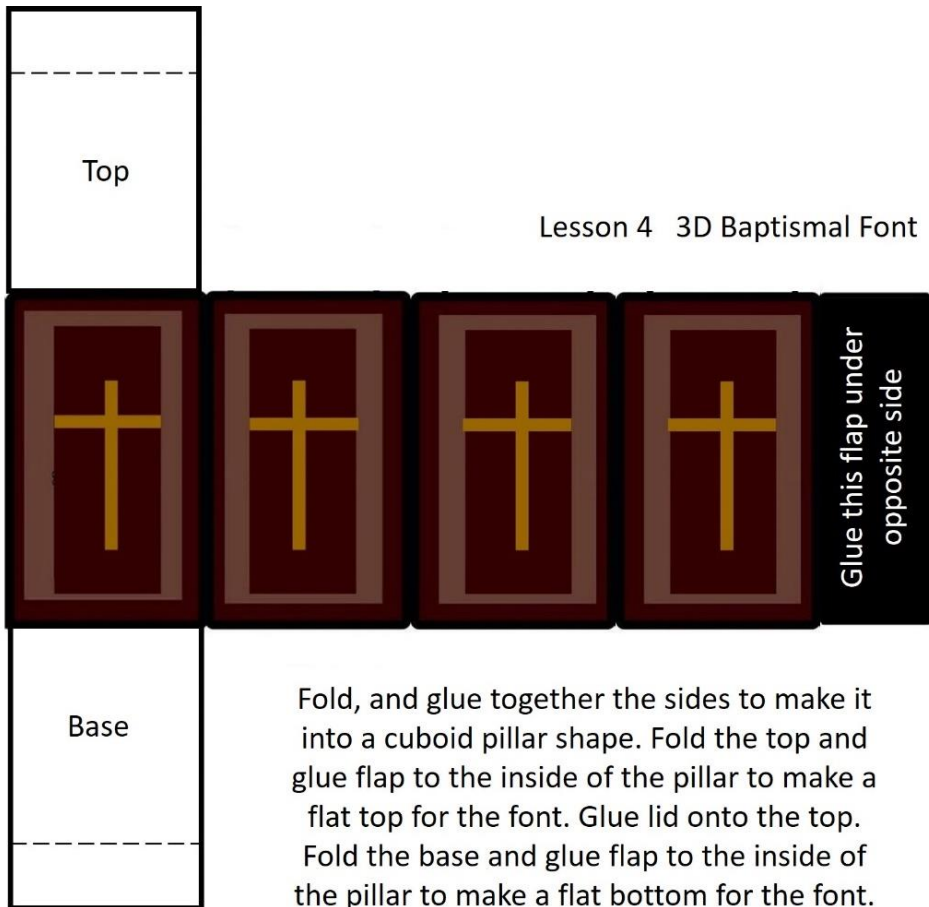

1. Print out pg. 2 - 6 of this document in colour on letter size card stock.
2. Cut out the symbols and word cards on pages 2-4. Keep pages 5-6 as whole posters. (Write the lesson number on the back of the symbols.)
3. Optional: Attach a small piece of stick-on Velcro under the permanent symbols to help them stay in place on the storyboard felt.
4. Fill jug with water and use it to pour into bowl for illustration as described in the lesson.
5. **Making the peg doll family:**

Essential:	Optional:
Purchase peg dolls: one male, one female, one child and one baby.	Paint the peg dolls. See instructions in lesson 1 props document.
Attach the baby peg doll to the mother doll with a hot glue gun or a strip of fabric tied around them.	Use a black felt pen if you wish to add eyes. Adding a coat of varnish over the paint makes it more durable.

6. Optional: Making the baptismal font: (The lesson can be taught without this prop)

- a. Cut out the two pieces for the baptismal font.
- b. Piece #1: Fold and glue together the sides, top, and bottom to make it into a cuboid pillar shape with a flat top and bottom.
- c. Piece #2: Fold and glue together the top and glue it over the top like a lid over the pillar.

Cut along solid white lines
 Fold flaps along stippled white lines
 Fold all four sides down and glue onto flaps to form a square lid that fits over the cuboid pillar.
